My St Peter Story:

My wife Colleen and I with our three kids moved to Battle Creek in 1986. We are lifelong Lutherans and more recently members of the ELCA so that is what we searched for. It just so happened that St. Peter was just down the road, about 2 miles from our home. After visiting a couple of times and enjoying our experience and especially connecting with Pastor Erick Johnson, we decided to join. We have been very grateful for the St. Peter family.

What I bring to St Peter:

What I can bring to St. Peter. I have developed a passion for serving others in the community and trying to help combat the environmental crisis. I will help members have the opportunity to be involved in both areas.

Career:

I graduated with a degree in Physical Education. I have always been very active and love sports. With my degree I have tried to create opportunities for people, adults, and kids to be active. I am now retired from the Battle Creek Parks and Recreation Dept.

Hobby/Interest:

Involvement with my grandkids. Still participate in as many different sports as I am able, especially daily running. Focus more attention on helping solve the climate crisis.

Fun fact:

Love horses.
